I AM Master Morya.

The time has come to finish this cycle of Messages, and I am glad to have the opportunity to say a few more words to our aspiring chelas with pure hearts and Souls.

With all the Messages that we have given to you so far, those of you who read them, filled with Divine Love and Respect, get as much information and Divine energy as you need to preserve yourselves and successfully continue forward along the Path, regardless of the obstacles and difficulties that lie ahead.

But I must warn you that from now on, it only depends on yourselves what decisions you will make in your life about where to put in the received additional Divine energy, and where you will put in your Divine energy in general. Therefore, be vigilant and preserve it in your vessels as the most precious thing.

Keep all your bodies pure, and also keep your positivity.

Be radiant and loving to all Living beings.

Be in harmony and equal, with your masks on, to everyone in the illusion around you, whatever they may think and feel, and however they may behave.

Then you will preserve your Divine energy, your treasure, and you will even increase it. It is only you who decide whom to give from it.

And when you absolutely unconditionally and unselfishly donate some of your treasure to the Beings of Light, to Mother RAIMA (Earth) and all Living beings, then it multiplies many times and becomes your best protection.

And finally, I will repeat to you once again to apply our recommendations because this will help you save yourselves.

And always remember that the coming of the new Living, Bright and Pure Souls in your world and the establishment of the New World of the 6th human race, based on the Divine Commandments and Laws, is directly related to how successful you will be in saving yourselves and the Living Life on this planet here and now, in all the Times, Time and Halftime that are coming.

I AM Master Morya
